## Little League World Series field trip

by Allison Hiebert

On Sunday August 7<sup>th</sup>, nine members met at Denny's for lunch; a perfect way to get to know new members. We then made our way over to shoot the *Little League World Series*.

The day was hot, but the emotions on the field were even hotter. We saw an awesome game, and I'm confident our members took some great pictures.

Thanks to James Whitehill for coming through for us. Hope we can do it again next year.

## ON THE PRESIDENT'S MIND

One of the Club's fascinating traditions is our annual Labor Day roundtable discussion meeting. It's a free-form session where any topic of photographic interest is fair game. Want to know more about a special feature of your camera? Bring the camera and its instruction manual to the meeting; someone is sure to be able to answer your questions! Have some of your photographs been disappointing and you don't quite know why? Bring them along to get the wisdom of someone who's "been there" before! Whatever the area of photographic art or science, you can be sure we have members whose experience can help you in your endeavors. The Labor Day roundtable on Sept. 5 is one meeting you just won't want to miss!

There are many special things about our Club. I think the top of the list has to be the dedicated members who are willing to do what it takes to keep things humming. The most recent examples are our new *Competitions Chair Cynthia Long*, assisted by *Bruce Bonnett*, and *Education Chair Fred Nicoloff*, assisted by *Larry Cowles*, *Bill Jochimsen*, and *Russell Trozera*. These good folks stepped up to the plate when they learned of a need, and their work will benefit all club members. Will you be willing to contribute your time and talents when the need arises? I hope you will!

It has been my privilege for several years now to teach the *Redlands Adult School* photography classes. The next *Basic Photography* class begins on Tuesday, Sep. 14, and continues for an additional five Tuesday evenings. Each class runs from 6 to 9 p.m. on the campus of *Redlands High School*. Film and digital photography are covered. For additional information you can call me at (909) 798-7999, or to register, go online to [www.redlandsadulthoodschool.org](http://www.redlandsadulthoodschool.org) or call the school at (909) 748-6930.

A most interesting opportunity comes up this month by way of our "cousin" organization, the *Inland Empire Professional Photographers and Videographers (IEPPV)*. The event I speak of is their annual auction, and this year RCC members and guests have been invited. It'll be held at the historic *Gov. Jackson House* in Redlands and it sounds like a lot of fun is in store. Several RCC members are also active in IEPPV, including yours truly. I've seen a partial list of items that'll be up for auction – some pretty exciting stuff! Sept. 25<sup>th</sup> is the date, with the festivities starting at 1 p.m. It's a fundraiser for photographic education, so you know that's a worthwhile cause. I hope we'll see you there!

By the time you read this, we'll have conducted another successful hanging of members' photographs at *Redlands Community Hospital* and enjoyed the Photo Scavenger Hunt at *Lake Arrowhead Village*. I sure hope you were there for both these special events, as they're big benefits of membership in the most amazing, growing, sharing, thriving organization I know. If you're an RCC member, congratulations. If you haven't yet joined us, we're saving a place for you. C'mon in!

All the best,

## SEPTEMBER 5<sup>TH</sup> PROGRAM

*Annual Round Table Discussions*

This is the last evening of the Labor Day weekend. Typically, many members are out of town or have other plans.

So this evening, we'll host a general discussion evening. Bring your concerns, your solutions, your opinions, your humor, and your passions about photography. A no-holds-barred evening!

## SEPTEMBER 19<sup>TH</sup> PROGRAM

*Scavenger Hunt Review*

You did attend last month's Scavenger Hunt, didn't you? Bring your *one best image* of each of the assigned topics. This culling process will help you evaluate your images objectively, rather than emotionally.

Since everyone will interpret the assignments differently, it should be a fun evening, full of valuable learning from each other.

Even if you didn't go on the hunt.

Tonight is also the deadline for submitting your slides for our annual slide competition. Don't forget to bring them! See details in the Bulletin Board on page 6.

## NEW MEMBER PROFILES

*Judith Sparhawk*

### TIM WATSON

Tim Watson is a recent member of RCC. He has a Pediatric practice with offices in Riverside and Perris.

He became interested in photography about two years ago, finding ways to use it in his medical work. As time went on, he upgraded his digital camera and became interested in shooting unusual landscape images.

He recently traveled to Italy, and has some of his images from that trip on his website, at <http://homepage.mac.com/docwatsons1/photoalbum2.html>.

Tim is married and lives in Loma Linda. He enjoys photography as a fun pursuit, and looks forward to RCC meetings for picking up good pointers. Welcome, Tim!

### DIANA RIDEOUT

Welcome also to new member Diana Rideout. She has been more actively involved with photography the last three years or so. She uses a Canon Rebel and shoots film.

In the past, she has mostly taken snapshots of special occasions and church events; but was recently hired to do the photography for a calendar.

She desires to learn how to take great landscape images, and is very eager to learn.

Diana lives in Rialto and works as a musician, playing the piano and organ. She gives lessons and works as the worship leader for her church. She looks forward to participating in RCC and improving her skills.

### SCOTT GUTENTAG

Another new member is Scott Gutentag, who lives in Highland. He considers himself to be a "serious amateur" photographer, having been interested in the field since early childhood.

He has taken a couple of courses through *Rocky Mountain School of Photography*, and mostly concentrates on nature photography. He uses Nikon equipment and shoots slides.

Scott works as a school Psychologist and finds being out in nature, concentrating on photography, is a welcome contrast to his work environment.

He especially likes shooting in National Parks, with emphasis on landscapes, flowers, sunsets and trees.

# HOSPITALITY

Bessie Reece

I would like to thank everyone for assisting at the refreshment table. Your help is greatly appreciated. The benefit of having volunteers bringing food provides us with a variety of snacks, as well as keeping the club expenses down.

At each meeting we need two volunteers to bring snacks and one volunteer who will arrive early, set up the table, and clean up after the meeting. If everyone pitches in and assists, we only need two hosts and four refreshment people per month.

If you volunteer to bring refreshments, please bring finger food only. If you volunteer to be host, please arrive at 6:45 pm to set the table and start the water for instant coffee/tea.

Our supplies are in the closet to the right of the stage. At the end of the meeting, put the tea, coffee, paper goods, and coffee pot back in the closet.
