### JUNE 5<sup>TH</sup>

*Annual Digital Competition*

For our first June meeting, we will conduct our second annual digital competition, with up to six images submitted by RCC members. These images will be judged by outside judges, and will be a great opportunity to view excellent photography by our members.

Awards will be announced at the June 19 meeting.

### JUNE 19<sup>TH</sup>

*Members' Night: bring up to 3 images*

This Member's Night will have a twist. Members' images will be reviewed by a panel of three RCC photographers, with *constructive* criticism provided for each image.

Due to time constraints, members may bring up to three images in digital, slide, or print format.

This will be a good opportunity for input on members' work, and a learning experience for the audience.

## FIELD TRIPS

*Allison Hiebert*

The next field trip will be Saturday - August 26<sup>th</sup>. It will be our second annual Lake Arrowhead Village scavenger hunt. Last year we had a beautiful day and tons of fun. Meeting times, places, and a map will be announced at a later date.

The list of items to “hunt” for with your camera will be provided on-site that morning, and also when we meet for lunch. This way, you can decide when to get up there.

Also, The Village will be having their FREE summer concert series. The band that night will be “Desperado“ A tribute to the Eagles. Last year after the hunt my family and several club members enjoyed having dinner and listening to the FREE concert at sunset in the village. According to the newspaper, they have built a new “lakeside” stage. The concert starts at 5pm 8pm.

I hope you will choose a day -- and maybe an evening -- of fun for the whole family at Lake Arrowhead. The results of the hunt will become a program at a club meeting to see everyone's' interpretations of the items on the list.

## New MEMBERS

*Kathy Posen*

**CELE SMITH** has lived in Redlands for 44 years. When she was working, she published a daily real estate paper and was an employee at Lockheed.

Now, ceramics, stained glass, and art work are her hobbies of choice, but with Alan Levine's encouragement, her interest in photography is growing! She likes to shoot landscapes and uses a Canon 20D.

**MICHAEL LAW** didn't have as much time as he would have liked to pursue his interest in photography in the past. Now that he has moved to Loma Linda from Toronto, he has renewed his interest. He considers himself a self-taught beginner.

Shooting in raw with a Canon Rebel XT, he likes to photograph still life and enjoys converting and experimenting with his images in black and white in Photoshop.

He works for ESRI as a cartographic designer, digitally creating maps for map books and textbooks.

# LIBRARIAN

Mike Reid

First, I must apologize: I have not been hounding members about overdue loans. You know who you are. But on a good note, we've had many donations in the last five months --thanks.

We have a lot of interest in the library, and if you haven't looked, we have some great examples of noteworthy photographers. Has anyone ever looked through the whole **Time-Life's Library of Photography?**

And since I changed offices, I don't surf the web as much as I used to. But I did find what I think is the largest pinhole camera -- the **Camera Truck** ([www.CameraTruck.net](http://www.CameraTruck.net)). I'd love to try this; a truck converted to a pinhole camera (and I thought a 20 megapixel camera was big).
