

Established in 1896

**Redlands Camera Club** is a group of amateur, serious-amateur, and professional photographers who are interested in sharing experiences and advancing their skills. Anyone with similar interests is encouraged to attend a meeting; no cost or obligation. We meet at 7:00 pm on the first and third Mondays of every month at **Redlands United Church of Christ**, 168 Bellevue Avenue, Redlands, CA.

## November, 2006

### *There Will Be A Hanging At Redlands City Hall*

Our club's last print hanging was at **Redlands Community Hospital** on September 30<sup>th</sup>. *Only two members brought work to hang!* This lack of participation directly affects our ability to sustain venues for exhibition.

These perpetual exhibit venues – the hospital and **Redlands City Hall** – are much too important to the club to lose. These exhibits enhance the club's reputation and visibility in the community. Benefits also include visibility, credibility, and stature of our individual members. Print sales, art shows, and other paid work have resulted from these displays!

Our next hanging is at **Redlands City Hall** on November 16<sup>th</sup>. Please make an effort to bring at least one print to hang. (See the following page for hanging details.) Don't let your club down; our reputation and continued exhibit space is at stake!

### NOVEMBER 6<sup>TH</sup>

*From Backdrops to Blinds: Rick Davitt*

For our first November meeting, award-winning nature photographer Rick Davitt of Orange County will present an exciting program on nature photography techniques. He will discuss such subjects as wind and light, backdrops and blinds, subject management, wildlife and urbanization, and the backyard studio.

He will bring a collection of his amazing digital and film images to illustrate his techniques.

In addition, at this meeting, prizes will be awarded for the slide competition, including a digital presentation of winning images.

### NOVEMBER 20<sup>TH</sup>

*Members' Night with critique*

Back by popular demand, this meeting will be a Member's Night like the one in June, which included a panel of members providing critique of the submitted images.

Members may bring up to *three* images; digital files, slides or prints. Prints should be at least 8 x 10 inches or larger, and mounted for stability in displaying them. See the box on the right for details on configuring digital images.

## NEW MEMBERS

*Kathy Posen*

**Bill Howk** and his wife moved to Redlands after living in Moreno Valley for many years. He is a refrigeration contractor in the process of forming his own company. A Hasselblad 500 and a Nikon 8008 are his photography equipment of choice. He does his own black and white darkroom work. However, even though he loves film, he is interested in learning more about digital.

In addition to photography, he is guitarist in a praise band that plays at fundraisers, youth activities, etc.

**Joe Niehus** lives in Riverside and traded his point and shoot for a Canon 20D about a year ago. Photography has been a passing interest for him for a long time, having taken classes at Riverside CC.

He is enthusiastic about digital and learning more about it. In fact, he recently attended Frank Peele's Lighting Workshop and felt that he learned a lot!

For 14 years he has been employed by the Metropolitan Water District as an engineering technician at the Mills Water Filtration Plant. Retirement is in the not-to-distant future, and he is looking forward to spending more time studying photography.

**Sally and Fred Reiss** have lived in Highland for 30 years. According to Sally, joining RCC was Fred's idea, but she has quickly become interested.

They are taking the beginning photography class at Redlands Adult School and both shoot with Canon digital cameras.

Sally teaches at Parkview Middle School and Fred has his own business as a CPA. They have 2 sons and a daughter.

**Parley and Stephanie Kennelly** live in Beaumont and have three children, including a 3 week old baby girl. They each have Nikon D50 cameras.

About a year and a half ago, they started a photography business, with a studio in their home. Much of their business is weddings and portraiture, in studio and on location.

They both graduated from Cal State San Bernardino; Stephanie as a graphic design major, and Parley is a CPA. They found out about RCC while searching on line.

## NEW MEMBERS; CONTINUED

*Kathy Posen*

**Greg Johnson** has lived in Redlands for 27 years and is a Workman's Compensation Judge. He heard about RCC through friends and was impressed by the variety of activities available to club members.

Recently, he traded his Canon Rebel 35mm for a Canon Rebel XT. Now, he is interested in learning more about digital editing techniques. Naturally, his 13 grandchildren have become a large part of his photography. However, he also likes photographing landscapes and has been experimenting with macro photography.

**Susan Roberts** has lived in Riverside since 1979 and teaches first grade there. She grew up in New York, attended college in Iowa, and moved to California.

Flowers and landscapes are her favorite subjects to photograph with her Nikon D70s. She is interested in editing her images and wants to learn more about Photoshop Elements for this purpose. Currently, she is taking Beginning Photography at Redlands Adult School.

She is a consultant with Cherish Bound, a publishing company that produces books in small numbers.
