AUGUST 6TH

How I See It – Cactii & Succulents: Dan Griffith

Our own **Dan Griffith** takes us thru a world of Cactii and Succulents as he has seen `em. Dan has been photographing the cactus and succulents of the southwest for the last twenty years. He has a way of creating an image in his camera that perhaps only he would recognize as the subject that was placed before his camera. Dan has been invited to shoot in private collections as well as being kept busy in Cidni's Garden.

This program has 30 minutes of images that will give us a vast look into the mind and soul of **Dan Griffith**.

Dan's work has been in the spotlight for the last nine years, hanging in places like the *San Bernardino County Museum*, *The Desert Museum* in Palm Springs, and in many private collections. Just this year he won the Best of Show and three first place ribbons here in our own Annual Digital Competition!

Dan's program is set to music and will run its course once it starts. When the program is over, Dan will be happy to answer your questions. Also, if you please, you can purchase a DVD of the program for only \$20.00.

AUGUST 20TH

Lake Arrowhead Scavenger Hunt Results

Our annual scavenger hunt will be held again on Saturday, August 18. Look for additional details in this issue.

The following meeting will be on Monday, August 20, and our program will be a showing of the results of this event. Member participants should bring their **ONE BEST** in each category of the scavenger hunt, for showing to the club. We will see what everyone "found" on the hunt. Come and join in for this fun evening.

NEW MEMBERS

Carol Jensen

Mark Averett has been doing some photography since his retirement from the CHP, preferring to do portraits and landscapes with his Canon.

For the last three years **Mark**, has been a personal trainer, and has set up a nice gym in his home for this pursuit. Mark is married, has two grown children, a nine year old son at home, and two grandchildren.

Patty Ann Baron works with black and white film and loves working in the darkroom. At this time she is looking for a darkroom in this area in which to do some work. She enjoys expressing her creativity through photography, and has been enjoying this since high school. She particularly likes working with angles and composition.

Patty is a registered dietician and a full-time student, working on completion of a masters degree in public health nutrition at Loma Linda this Fall. She works for Redlands High School as a nutritionist for the football team. Another one of her interests is exercise science – kinesiology – and would like to find work in this area. Patty enjoys Redlands and is hoping to find a place to rent here.

Dave Cochran learned about RCC on-line. In the past, he has done some year book photography and wedding photos for friends. **Dave** uses a Canon 30D and works with several different lenses, preferring to shoot candid and nature. He confesses he knows nothing about photoshop, but wants to learn.

Dave is a retired fireman, is married with three grown kids and nine grandkids. He is a chaplain at UCI Medical Center .
