

Established in 1896

Redlands Camera Club is a group of amateur, serious-amateur, and professional photographers who are interested in sharing experiences and advancing their skills. Anyone with similar interests is encouraged to attend a meeting: no cost or obligation. We meet at 7:00 pm on the first and third Mondays of every month at Redlands United Church of Christ, 168 Bellevue Avenue, Redlands, CA.

Get ready for next month's Digital Competition

Time to get out your [camera icon] and get a good [lightbulb icon] for [photographer icon]. Then turn on your [laptop icon] and start working [histogram icon] to make the images the best they can be.

Why? Because next month is the Digital Competition!

And it takes lots of hard work to get high [scoreboard icon]

COMING ATTRACTIONS

Film strip containing four event boxes: October 1 MEMBERS' NIGHT, October 15 MULTIMEDIA PRESENTATION, November 5 DIGITAL COMPETITION, and November 19 PHOTOSHOP TOPICS.

THROUGH THE PRESIDENT'S LENS

Kish Doyle

Well another summer has come and gone and the cooler weather seems to be arriving. I know I enjoyed the rain a week ago and wish for more in the near future. September was very busy with the final weekend being my annual time at the rodeo. Four days of friends I haven't seen since last year, lots of animals, and the usual rounds of rodeo events with horses, bulls, clowns, and rodeo queens. It's a solid four days of photo overload and networking with other photographers. I have been asked how I got started with the rodeo and it's like most of my other photography opportunities....I volunteered to start, and now I am a fixture. I had no idea what I was doing, but met some very fine rodeo photographers, picked their brains and checked out their photos in order to learn. I provide pictures for the Sheriff's Department and they use them throughout the year in the Annual Report, the Sheriff's Brief, and our quarterly magazine.

For those of you who love an area of photography and want to learn new things, consider finding an organization you can volunteer for, then provide them with some pictures and see where things go. I just got another offer tonight to do some freelance work.

Good luck and happy snapping,

Kish

OCTOBER 1ST

Members' Night: with critiques

Our first meeting of the month will be Member's Night, including a critique panel for critical input on your images. Any member may bring up to 3 images (prints or digital images on CD) to share with the club.

This is an opportunity to bring potential competition images for input prior to the November 5th competition, or just bring along anything you would like to share.

This is always a fun evening, and a chance to show off where you've been and what you've been shooting.

OCTOBER 15TH

Multimedia Presentation – Photographs with music: Eugene Lambert

Member Eugene Lambert will be our presenter for the second meeting this month. He will combine his beautiful photographic images with Southern Gospel music and with Hawaiian Steel Guitar.

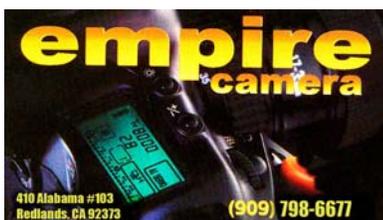

This will certainly be an entertaining evening, and a feast for the senses. Not to be missed!

Jim Cochran has been a professional wedding photographer for the last 30 years. He likes to compete with other wedding photographers. Jim's favorite photographer is David Ziser, wedding photographer. In the 1970's Jim worked with JPL's Viking mission to Mars. For ten years he taught photography at a community college in Willets in Northern California. When asked if photography for him is mostly technical or creative he answered it's mostly from the soul, deep inside – one needs to get in touch with it to be really good at it. Jim mainly uses a digital Nikon D50. He likes science and has his degree in biology, and a minor in chemistry. Reading is one of his pastimes, and you might catch him reading science just for fun. As a hobby Jim builds and drives drag racecars. **Frank Peele** introduced Jim to RCC. He has lived in Redlands for four years.

Gino DeGuzman was a wedding photographer for 15 years, but now, for the past two years, designs wedding albums, preferring to use Photoshop Illustrator. You may view some of his work at www.dreamweveralbumdesigns.com. He also designs web sights and works for PCL West Color Lab. Gino was introduced to RCC by another club member. He would like to network with wedding photographers from the club and elsewhere to expand his wedding album business.

Brett Godown has a Rebel XTi and uses a normal lens and a 200mm telephoto, shooting candid and scenic. He keeps his camera in his car so he is ready for that special shot. For 1 ½ years Brett has worked for the County of San Bernardino Airports Dept as an operation supervisor. This includes work in safety, system development, training, future planning, design and construction, administrative duties, emergency response and training, and enjoys speaking to various clubs about the department. Brett and his wife love living in Crestline. Wife Cynthia is a pharmacy tech at St. Bernardine's Hospital. Brett is an avid golfer, and describes himself as a hard person to take seriously – he likes to have fun. Brett has one more week to complete a Bachelor's degree in Aviation Business Administration at Long Beach.

Missy Martin wants to shoot fashion and start a wedding photo business with her sister. She is taking a rather technical photo class at San Jacinto College in Menefee, and has taken other photo classes in the past. Missy uses a Nikon D80. Missy would like to be an assistant to professional photographers in order to learn more, and to network. She learned about RCC on-line. She is a massage therapist.

Harold "Skip" Morris has just completed **Frank Peele's** beginning photo class. He says he learned a lot about aperture, speed settings, and depth of field. He is a film diehard, and uses a Rebel EOS 35mm and shoots scenic. Skip has enjoyed socializing at RCC. He is a transplant from the Midwest – Ohio and Chicago, and has lived in Mentone since 1974. He and wife Nancy have been married for 11 years. While in the Midwest Skip became a licensed airframe and power plant mechanic. He also became licensed in radio, radar, and TV by the FCC, yet has not worked in either of these fields. Skip has, instead, enjoyed being self-employed remodeling homes. Hobbies include visiting auto car shows and arts and craft shows. He owns a 1991 Corvette. Skip is treasurer for the Mentone Chamber of Commerce, and a member of the Mentone Area Community Assoc.
