### SEPTEMBER 3<sup>RD</sup>

#### *Annual Roundtable Discussions*

Our first meeting for September falls on the Labor Day weekend. We have traditionally used this evening for an informal discussion among members on any photo topics. This is a perfect time to ask for advice regarding photo equipment, problem-solve photographic issues, or just share experiences.

It is a good way to get to know club members better, and is always a lot of fun. So if you are in town for the holiday weekend, please come.

### SEPTEMBER 17<sup>TH</sup>

#### *Exploring Alberta, Canada: Kish Doyle*

The second meeting of the month will be presented by RCC's President, Kish Doyle. She will share her experiences and photographs from her recent trip to Alberta, Canada. She saw wonderful scenery and wildlife there, and should have a great and informative program for us all. Don't miss it!

## HOSPITALITY

Please arrive at 6:45 to help set up and stay after a few minutes to clean up. The average attendance has been around 50-60 people. Finger food such as cookies, chips, vegetables, and fruit are the easiest to handle. The club provides all paper goods, coffee, and tea.

If you cannot attend, please contact **Cindy Morley** at (951) 793-2510, [cmorley@sedtoo.com](mailto:cmorley@sedtoo.com) or **Susan Roberts** at (951) 212-9869, [SRoberts@sedtoo.com](mailto:SRoberts@sedtoo.com). Thanks for all your support!

## NEW MEMBERS

*Carol Jensen*

**Crystal Craig** takes photography classes at Riverside Community College and will soon earn a certificate in photography. In June she earned a certificate as a TV production specialist. Photography interests include landscapes and nostalgia. She also wants to do freelance, including movie stills and digital editing. **Crystal** uses a Canon 30D; her first camera was a Canon AE1. She recently earned a bachelor's degree in political science and administrative studies and UC Riverside.

**Ricky Blevins** is a student at Beaumont High School and will graduate in 2010. He has not yet done very much photographing. He has an Olympus digital and would like to photograph the outdoors. He learned about RCC through another new member, his grandfather, **Dave Cochrane**.

## NEW MEMBERS (CONTINUED)

*Carol Jensen*

**Bob Best** and **Martha Knowlton** have just celebrated their third wedding anniversary. Together they have taken some of **Frank Peele's** classes. They use a digital Canon Rebel and shoot photos of their family, friends, and scenery and wish to learn more about photography. **Bob** is a retired citrus farmer and has worked for the U.S. Dept of Agriculture. **Martha** enjoys Photoshop, making greeting cards with photos for fun. She likes to look for elements that make a photo a treasure to be proud of. **Martha** is a control manager for a medical management company.

**Donald Haggert** first became interested in photography between 1957 – 1960 while a private in the U.S. Army stationed in Alaska. After 26 years in the military he retired as a CSM in an aviation battalion while in Colorado. He lived many years in Colorado and New Mexico, shooting micro photography – mostly insects. **Don** says there are great insects in Colorado and New Mexico, but not here in California! Lately he shoots wildlife. He enjoys the L.A. County Arboretum. He uses a Nikon D2XS and has purchased lots of accessories along the way.

**Alexandra Mathews** has been interested in photography since her childhood when her dad was using a Kodak accordion-style camera in the 1950's. Her first camera was a gift from her dad. **Alexandra** took classes in photography while in college, using a 35mm film camera. She got away from photography for a while, but now is shooting photos with a Kodak Easy Share, preferring nature shots. She has been a librarian at the County of San Bernardino since the early 80's. In addition to photography she enjoys cats, reading, literature and the arts.

**Les Tenney** is retired and has returned to school studying photography at Cal State San Bernardino. He enjoys darkroom work, developing and printing his own film. He is off for the summer but will return in September. **Les** uses a large format 4 X 5; also a digital Nikon D40, printing 8 X 10's from his home printer. He also does drawings – mainly still-life.

**John Terry** learned about RCC while taking one of **Frank Peele's** classes. He has enjoyed photography for many years, but recently has become much more involved. He enjoys landscape and wildlife, using a Canon Rebel XTI. **John** is married; he and his wife are commercial insurance brokers.

**Ralph Ybarra** first attended RCC at the annual print competition meeting in June. He was impressed and inspired with the photos shown there. **Ralph** has taken photo classes @ UCR. He is most interested in landscape and nature, and wants to do some traveling to photograph such. He uses a Nikon D70S, but says he is ready to upgrade. He recently quit work as a photographer at Riverside City College. During his time there, Ralph would carry two cameras each with a different lens in order to avoid getting dust in the camera with lens changes. Ralph is married with four children and six grandchildren, and is retired a fire dept captain (29 years).

**Shirley Reynolds** accompanies another new member, **Donald Haggart**, on his photographic ventures pointing out things of photographic interest. **Shirley** has not yet taken photos, but would like to learn, and so joined RCC. She enjoys seeing the work of others in the club and finds it all very interesting. Shirley does the books on apartments she and Don manage.

Hello Redlands Camera Club! Dan Griffith here: I need your help. I have two images left over from past hangings (8 months or more) that I would love to get back to the rightful owner. On the back of the prints there is no name or contact number. There is, however, a website address that I cannot find on the web, and a title that the owner uses. If you know who this person is, please let me know so that I can return the images to them.

I sent this to the club's website webmaster, but I don't know if many members check the "Things To Do" page very often. As we don't do email notifications of events, and as I'm not sure of the degree of usage of the website's "Things To Do" feature, would it be possible to also place a notification of this event in the Newsletter? Thanks, Mike Harmon

**The Great Picture**, the world's largest photograph, is a gelatin silver image three stories high by eleven stories wide. The landmark photograph was produced in the summer of 2006 using a shuttered Southern California F-18 jet hanger transformed into an enormous camera obscura – the largest camera ever made.
